

CLASSIC-TOUR «LAKE ÄGERI AND MORGARTEN»

Enjoy the exciting Segway tour in the picturesque Ägerital with the Lake of Ägeri, the historic Morgarten and the impressive Ratengütsch with its marvellous view on the pre-Alps. The tour offers a unique scenery to nature-lovers and fans of the pre-Alps. Furthermore, you are always accompanied by one of our well-experienced guides giving you tips and telling you interesting facts about the sights.

Your starting point is in Oberägeri, where you also get to know the vehicle more intensively. Along the idyllic high route on the Lake of Ägeri we make our way to Schornen to visit the impressive Letzi-tower. We drive on to the Morgarten memorial, which is a witness of the region's past. Eventually we will drive along the western side of the Lake of Ägeri to Unterägeri and back to our starting point. The unique view over the Lake tops the tour off.

The highlights of the tour are the Raten Passhöhe and the Raten-gütsch from which we can have a fabulous panorama view on the pre-Alps Rigi and Pilatus, and in the East on the distinctive Alps of St. Gall with the Säntis and Speer. In the end of the tour there is an exciting panorama passage along the western lakeside leading you back to our starting point. There, your tour ends after a total of 2.5 hours.

WHAT AWAITS YOU:

- Drive along the Lake of Ägeri
- Morgarten memorial
