

Zürich

## WINTER TRIP PLUS «OERLIKON»

Our guides will show you their city – Come with us on an interesting and unforgettable tour through Oerlikon with the innovative Segway PT!

The tour starts at the Swissôtel Zürich-Oerlikon and leads us directly to the former industrial area Leutschenbach. The former commercial district developed as only a few areas in Zurich into an attractive and mixed quarter. This area is characterized by its rapid development of new living spaces and its expansive parks, residential and public buildings. On our tour we pass by the Leutschen-Park, the SRF studio and arrive later on to the Glatt-Park. Afterwards we will continue our journey and reach the new part of Oerlikon where the Traugott Wahlen Park is located, the last of the four built parks in New Oerlikon. Then we drive to the Octavo, a construction, which not only offers spaces for 1,000 jobs and 58 apartments, but also nesting sites for dozens of Alpine Swifts. The famous bull in front of the ABB-building “Toro 1” is only one of many contemporary witnesses of the industrial era that we explore during our tour.

The diversity of green spaces in Oerlikon is exceptionally impressive. The observation tower of the Oerliker Park allows remarkable views of the booming district. The award-winning MFO-Park is another attractive lookout-point which allows a different perspective of Oerlikon: flowers and grape-vines grow across the tall steel framework of the former machine factory. We continue our tour towards the Swissôtel Zürich-Oerlikon, where this tour ends after 2 hours.

At one point of the tour we make a stop at a restaurant and enjoy a delicious hot beverage in order to warm up. The tour will be followed by delicious cheese fondue in our chosen restaurant in Zürich.

**Price: 2 hours\* | 150 CHF (hot beverage & cheese fondue included)**

\* only tour, without fondue

### WHAT AWAITS YOU:

- Leutschenpark
- SRF Studio
