## WINTER-TRIP «ST. ALBAN PLUS»

Our guides show you their city. Come with us on an interesting and unforgettable tour of the St Alban-Tal with the innovative Segway!

Starting at the Messeplatz we drive to Wettsteinplatz, where the famous Wettstein fountain stands. After crossing the Wettstein bridge we arrive in St Albanvorstadt. Of all the suburbs of Basel, St Albanvorstadt has best kept its character and allows us to gaze in wonder at the contrast between the humble, gothic, tradesmen's houses and the proud, baroque buildings. The route then takes us to St Albantor, one of the three original city gates still standing, and through the Gellerstrasse, which has a fantastic view of the impressive villas.

The St Alban-Tal is also known as the Venice of Basel. St Albanquartier, in which St Alban-Tal lies, is the greenest part of the city of Basel. It is an exclusive and elegant residential area, where upper class and affluent old Basel families have been living for a considerable amount of time.

We drive directly along the Rhine on the St Alban Rhine Way to the Letzimauer, where the Letziturm stands at the end of the former and partially reconstructed city wall of Basel. The Basel Paper Mill, which has been in operation since the early 16th Century, stands close by. Today it is the Swiss Paper, Writing and Print Museum. We then continue over the Mühlenberg and return across the Wettstein Bridge to the Messeplatz where the tour ends after 2 hours.

At one point of the tour we make a stop at a restaurant and enjoy a hot beverage in order to warm up. The tour will be followed by delicious cheese fondue in our chosen Basler restaurant.
