

Bern

WINTER-TRIP «MATTE PLUS»

Our guides show you their city. Come with us on an interesting and unforgettable tour through the Mattequartier with the innovative Segway!

Our route takes us from the Casino Parking to the Bundesplatz, which lies directly in front of the Bundeshaus and provides an unobstructed view of the impressive buildings. We continue on to the Marzilibahn, the second shortest cable railway in the world that travels up to the higher situated Bundeshaus. In the Kirchenfeldquartier, we pass the Swiss National Library and the Historical Museum before we arrive in the beautiful Mattequartier.

The Mattequartier is geographically clearly separated from the rest of the inner city, but is nevertheless considered as a part of the old city. Whereas the inner city was founded on a hill, the Mattequartier lies directly on the banks of the Aare. As documented for the first time in 1327, this area had long been the only crossing point of the Aare in the vicinity of the Untertor Bridge.

The Matte area benefited greatly from its location at the river and over time developed a pier for ships and rafts and became the center of bath houses. Even the famous Giacomo Casanova was once a guest there. After our visit to the Mattequartier, we make a stop at the spacious new Bärenpark where Bern's living landmarks, the bears, are at home in their pleasant surroundings.

We continue the tour to the Münsterplatz with the Zytglogge and on to the Casino Parking where the tour ends after 2 hours.

At one point of the tour we make a stop at a restaurant and enjoy a hot beverage in order to warm up. The tour will be followed by delicious cheese fondue in our chosen Berner restaurant.

Price: 2 hours* | 150 CHF (hot beverage & cheese fondue included)

* only tour, without fondue
