GENNY-TOUR «UNTERSEEN»

Our guides show you their region. Come with us on an interesting and unforgettable tour through the surroundings of Interlaken with Genny 2.0 and Segway PT.

This combined tour begins at the mobileo office in Unterseen after an extensive introduction into the respective innovative vehicles. Both pedestrians on a Segway PT as well as the mobility impaired on a Genny 2.0 ride together to the Neuhaus at the Lake of Thun. We enjoy the view over the turquoise blue water, the surrounding villages and the impressive mountains.

Afterwards, we drive past the golf course towards the Ruine Weisenau. While doing so we enjoy the feeling of freedom and shared driving pleasure. Our route leads us from rural areas to residential neighborhoods of Unterseen. At a leisurely pace we ride on small windy roads past traditional Swiss Chalets and modern apartment houses to the picturesque river Lombach. Surrounded by forest and shrubs we follow the course of the river on a natural path for a short while.

On our return journey we have the opportunity to appreciate the fantastic alpine scenery of the Eiger, Mönch and Jungfrau and to capture our memories of this unique shared experience on a picture. We arrive back at our starting point in Unterseen after 2.5 hours.
