WINTER-TRIP «TRIP-TO-PULLY PLUS»

Discover the charming old city of Pully with its many attractive and delightful corners. Our guides show you their city. Come with us on an interesting and unforgettable tour between Ouchy and Pully with the innovative Segway!

The tour takes us to the Montriond hill, the geological legacy of a former ice moraine that borders the Place de Milan. On the way to the Avenue de Jurigoz, we discover the municipal houses of Quartier Sous-Gare. After crossing the tracks we continue through the Avenue des Alpes and over the Vuachere River, which signifies the border between Lausanne and the community of Pully. Directly behind the train station district, we discover the charming old town of Pully with its many delightful little corners. On the terrace of the restaurant Le Prieure, you will be amazed at the breathtaking scenery of the Lake of Geneva and the French Alps.

Back on the Chemin des Chamblandes, we begin the descent along the Campus des Champittet, which continues to the Quai d'Ouchy where we gaze in wonder at the Haldimand Tower and the beautiful public Park du Denantou. Along the drive to Kais you can observe the impressive buildings of the international Volleyball league, the Olympic museum and the hotel Beau Rivage. As we cast a final glance at the beautiful Place du Port with its restaurants and boat rentals, we arrive back at our starting point, where our city tour finishes after 2 hours.

At one point of the tour we make a stop at a restaurant and enjoy a hot beverage in order to warm up. The tour will be followed by delicious cheese fondue in our chosen restaurant of Lausanne.
