WINTER-TRIP «ZÜRI WEST PLUS»

Our guides show you their city. Come with us on an interesting and unforgettable tour of Zürich with the innovative Segway!

We begin the tour at Renaissance „Zürich Tower Hotel“ in the trendy Züri West district. This previously industrial area in the Stadtkreis 5 has changed like no other district of Zürich and has transformed itself into an attractive part of the city. As we leave this area, we drive to the Hardturm Stadium, the venue of the 1954 soccer world championship. From there we cross the Sihl to Unteren Letten and drive along the water's edge. We cross the river on the Kornhaus Bridge and see the popular swimming bath of Oberer Letten.

Following this, we cross the history-steeped Langstrasse and drive to Saint Josef's church which, fittingly for the industrial quarter, was built to honor Holy Josef, Patron Saint of Workers. We pass under the viaduct and continue to the former Löwenbräu brewery with its heritage protected buildings. Along the Limatstrasse we see the new development of the project Löwenbräu Zurich incorporating, residential and office buildings as well as the enlargement of the existing art centre. We pass the former silk factory and the Steinfels area and continue along the way to the Prime Tower, which is the tallest building in Switzerland. Directly adjoining this, we find the Maag Areal of the former Maag Cogwheel and Machine Corporation. We make a final stop at the Schiffbauplatz and return to our starting point, finishing the tour after a total of 2 hours.

At one point of the tour we make a stop at a restaurant and enjoy a hot beverage in order to warm up. The tour will be followed by delicious cheese fondue in our chosen restaurant in Zürich.
